LESS THAN 120 DAYS—OH MY!

Mike Goode, Co-Chair
mtgoode@att.net

This morning when I visited the NCC website (www.ncc56.com) to check on some recent Gathering updates that NCC webmaster Pete Baer had made, I noticed that the countdown bar at the top of the Gathering page indicated that there were less than 120 days remaining until we all gather in Tempe, AZ to celebrate the NCC's 25th Anniversary. Sue Chretien, Richard Puckett, Tom Iacoviello, and I began sharing ideas with one another as far back as 2013. That was when I appointed the NCC's resident events planner, Sue Chretien, to chair the anniversary gathering. My visit this morning to the NCC website confirmed that it definitely has become a reality and is actually less than 4 months away.

With that being said, let me bring everyone up to date with what's happening thus far in the final stages of planning. We learned this week that there are two remaining rooms at the hotel, and we will be investigating the availability of rooms at a nearby hotel. Please encourage those who are still thinking about attending to make their hotel reservations immediately and forward their registration forms to Registration Chair Diane Welch. It looks as though Gathering attendees will almost be occupying every room of the Tempe Mission Palms Hotel.

The seminar assignments are being finalized and should be on the NCC website soon. Seminar Chair Stephen Pepin has worked diligently securing a never before seen group of 12 different seminars with many new presenters. Dan Crossland has secured four Make-n-Take workshops as well. Collectors will want to stop by the Display Room to pitch in and help construct a special display during the Gathering. In addition to the first-time seminars, Department 56's new leader, Michael Griffith, will be joined by Melinda Seegers and Jackie Geiger to share the entire weekend with collectors. Department 56 artists Scott Enter, Tom Bates and Paul Lundberg will make appearances as well. As a special treat for Possible Dreams collectors, Ann Dezendorf will also be in attendance at our special Millie's event.

Display Contest Chair Joe Meyers reports that there are already 16 entries in the display contest. Go to the NCC Gathering web page to learn what Brandon Taylor, Rehab Contest Chair, is doing in the first ever gathering rehab contest.

Those attending the 25th Anniversary Gathering will begin their celebrating on Thursday with home tours. Capping the day will be a special Margaritaville evening at Millie's Hallmark in Phoenix. Food, door prizes, shopping and an artist-signing event are only part of the evening. Gathering attendees will want to rest up later that night so they will be fresh and ready to start Friday morning with special speakers, seminars and the Friday night dinner followed by the NCC's Friday Night Bingo. Saturday will be another day filled with seminars and two special sessions featuring Department 56 personalities. The Saturday evening banquet will close out the day. Sunday morning begins with a farewell breakfast and recognition of what we know will be a successful and fun-filled Gathering. Over 375 collectors have registered for the 25th Anniversary Gathering, and it is still 4 months away. ***Is this a celebration or what!***

Finally, as a reminder, you can always get Gathering updates on the website and through the monthly Gathering newsletters. The website has the latest information on event pieces, pins and opportunities to volunteer while at the Gathering. Be sure to check it often. See you in Tempe!

GATHERING ACCESSORIES

Richard Puckett,
rchpuc@aol.com

We are also only five months away from the NCC 25th Anniversary Gathering in Tempe, AZ this coming June. I cannot say enough about what an event this is going to be and the hard work that the committee has put in to make this a stellar event for all! The committee has recently signed off on our two “very limited” accessories and they are already in production. They are shown in the attached picture alongside of the *NCC Clubhouse*, which was our first exclusive lighted building. Each of these two new accessories features very unique characteristics along with a very, very limited quantity! Did you catch that, VERY LIMITED!

Commemorating Our Anniversary portrays a couple under a silver umbrella carrying an anniversary clock set at “5 to 6”. The silver umbrella references the 25th anniversary and the umbrella itself symbolizes the NCC’s mission of serving as an umbrella organization for clubs. It also is a direct tie to the previously released *Under The NCC Umbrella* accessories and *Jack’s Umbrella Shop*. The *NCC 25th Anniversary Clock* has been specially painted in a platinum paint that was personally chosen for

us by Department 56 Creative Director Rick Jackson. This special town clock features “NCC” on the front and the years “1992-2017” on the back. As previously stated, both of these are designed to coordinate with the previously released NCC items and are easily incorporated into any village display, as well.

Our agreement with Department 56 ensures that these accessories are exclusive to the NCC 25th Anniversary and will only be available through the Gathering. They will not be re-introduced into the village lines for retail sale! You can order yours, today, via the NCC website at www.ncc56.com under the 25th Anniversary tab. In the event that you cannot make it to this awesome event, you may still order the accessories and note on the form who you would like to authorize to pick them up for you. Unfortunately, we will not be able to provide mail delivery. Above all else, we would rather have you come and join us! Don't delay in ordering yours, today as over half of them are already committed!

DISPLAY CONTEST

Joe Meyers,
NCC25DisplayCont@aol.com

Don't forget to enter the display contest either as an individual contributor or as a club. We have categories for everyone. There are no rules that say you can't enter in more than one category, so if you can't decide which category to enter, enter them all!

There are four display categories: Vignette Display, Small Display, Large Display and Club Display. Each display must use a clever implementation of the color silver. All displays must be new (never been judged in any competition). Don't forget—there are cash prizes for the contest, and more importantly—bragging rights for winning!

Vignette: A one-building display using your favorite building accompanied by a narrative telling us why this is your favorite building. Was it a gift? Is it a reminder of a special time in your life? Tell us why you love it! Inspire us! It can be a traditional village scene or a collection of your favorite things that complement the building.

Small Display: *A Little Silver Goes a Long Way.* Cleverly incorporate a silver element into the display for our attendees to look for and find. Tell us where you incorporated silver into your display.

Large & Club Displays: *A Little Silver Goes a Long Way.* Cleverly incorporate a silver element into the display for our attendees to look for and find. Tell us where you incorporated silver into your display. The rest of the display is up to you! Any design, theme or season you want!

Complete rules and [entry form](#) can be found on the website. For additional information, contact Joe.

RIDING TOGETHER ON THE TOURS

Vanessa Taylor
vtaylor@fastq.com

If you've signed up for the Home Tours and would like to be on the same bus with someone, e-mail Vanessa with your request. Of course, families will be on the same bus as long as they registered together. She will do her best to accommodate everyone.

REHAB CONTEST

Brandon Taylor,
mbrandontaylor@aol.com

Have a building that needs some TLC or maybe you just don't like the color for whatever reason? Rehab It! Get out those small paintbrushes, get some silver paint, maybe some glitter and repaint that building. It will make you feel like you just bought a brand new building (without the price tag of a new building)!

For the NCC's 25th Anniversary Gathering there will be a new, exciting, never been done before display contest. The Rehab Display Contest theme is simple, *A Splash of Silver*. Rehabbed pieces must be either repainted, added to or modified in some way with silver! Use as little or as much as you want! When getting inspired for your display, remember that this is a milestone celebration!

Complete rules and [entry form](#) can be found on the website. For additional information, contact Brandon.

CHARITY MAKE 'N DONATE EVENT

Becky Blue
rblue1950@yahoo.com

Wish organizations make dreams come true for families with critically ill children. For a week, the heartbreak of a child's illness is temporarily replaced with the happiness and joy of being a normal kid. They get the chance to be normal families, and the

children get to be like all other kids. They take TONS of photos of these once-in-a-lifetime adventures. This is where Crops of Luv partners with the wish foundations... Volunteers take all of those treasured pictures and turn them into customized memory albums to commemorate the families' experiences. They can then relive their wish vacations over and over for a lifetime. In many ways, you could say that the albums are "tools for healing."

Crops of Luv is the official charity for the *NCC Silver Rush 2017—25th Anniversary Gathering*. This Make 'n Donate is your opportunity to personally meet the Crops of Luv co-founder and president Jody McNelis, hear about the work of this charity, and actually make embellishments that will go into memory albums for families. Join us Saturday afternoon at your leisure to see how this giving organization of volunteers from all over the U.S. and Canada contributes to preserving the memories from families' wish trips. Become one of those volunteers and donate a little of your time to help make items for a Crops of Luv memory album. Who knows, you may decide to become a regular volunteer for Crops of Luv!

Remember that "a life documented is a life remembered."

No experience is necessary.
No registration needed.
No fee for materials.

In November 1974, Gary Tenen and Randy Tufts were exploring the limestone hills at the eastern base of the Whetstone Mountains. They were looking “for a cave no one had ever found” and found it. The two kept the cave a secret until February 1978 when they told the property owners, James and Lois Kartchner, about their awesome discovery. Since unprotected caves can be seriously damaged by unregulated use, they knew the cave had to be protected. Tenen and Tufts spent several years looking into the possibility of developing the cave themselves. Some members of the Kartchner family lived in Tucson and were very impressed with the development and operation of Catalina State Park by Arizona State Parks. They decided to approach State Parks to see if the agency was interested in acquiring this outstanding resource.

Rehabbing a Village

A splash of paint, a dab glue or a dash of glitter. Rehabbing Villages have become increasingly more popular. The reasons for it varies from a lack of a piece or the need for a piece that hasn't been made. Department 56 has been outstanding at making sure our village is well rounded but sometimes our village needs something different or unique. In this seminar there will be examples of several different rehabs with ideas on how to rehab a house or accessory for your own display. Repainting a village piece is a time consuming art. There will also be a discussion of techniques and paints used. Brandon will share a slideshow of his past rehabs (including gathering award winning Black & White North Pole) included in the slideshow will also be rehabs from other collectors. This is the first time that rehabbing will be discussed in a seminar at a gathering, also a first at this Gathering is a display contest dedicated to rehabs. Be prepared to share your own rehab experiences.

**Ellen Somerwill and
Joe Meyers, Presenters**

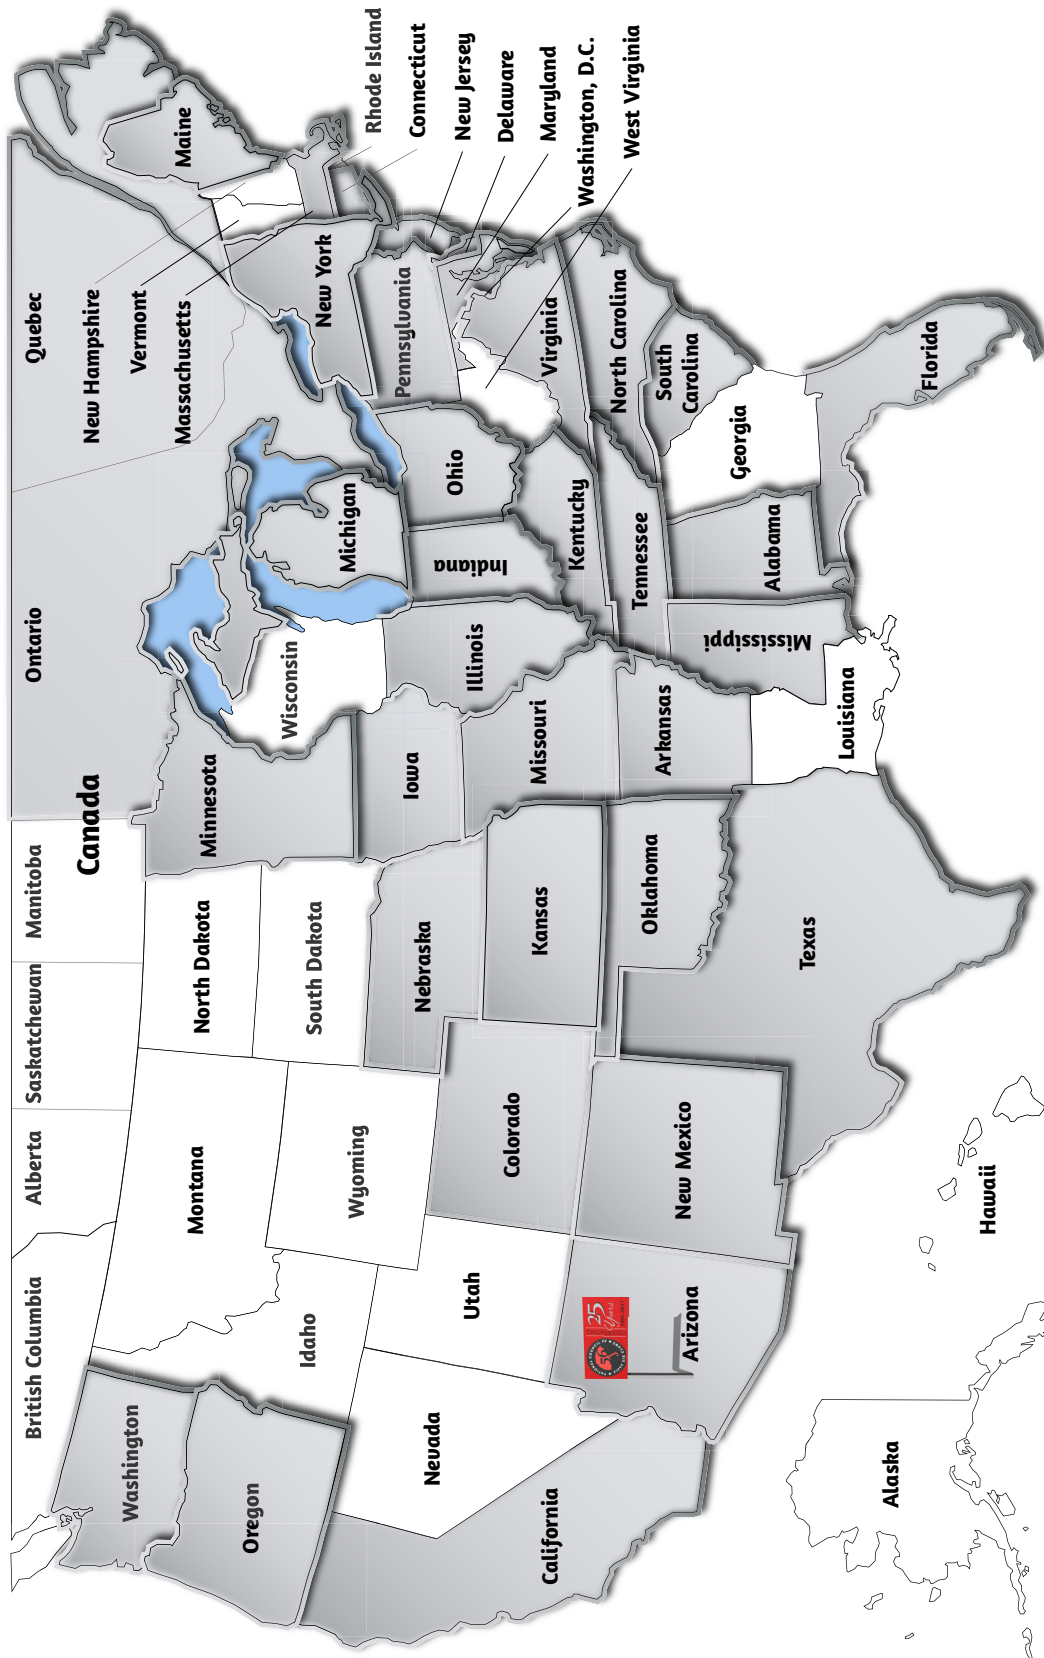

What's Happening At Your Village Church?

Do you display your church with a minister, with a wedding, a sign, a graveyard? We will share ideas on how to bring your church alive. Examples of displays inspired by actual church activities will be shared. Have you ever been to a baptism for animals, a bingo, fair, etc. at a church? After hearing easy to implement ideas you'll never display your village church in the same way.

Where Attendees Are Coming From

The map shows where attendees are coming from for the Gathering as of publication time. At the Gathering we will have the actual numbers from each state and Canada.

Meet More of the Gathering Committee

We'll introduce you to several committee chairs in each newsletter plus provide the complete list of committee members and their contact information.
